Let Us Have The Facts About the Cavalry Horses

Senator James Wadsworth, Chairman of the Committee on Military Affairs of the United States Senate, in a speech, on September 15, at the Annual Livingston County Fair, held in the Genesee Valley, New York, said:

"I am glad to see so many of you here and it is especially pleasing to note the interest you are taking in the County Fair, which is a stimulus to live stock breeding. The way you have taken up horse breeding is particularly gratifying and is an example for other communities to follow. Every man and woman loves a good horse, and the people of this Valley can produce the best kind as a by product of their farms. You've got the soil, the water, the climate and the horses to breed from."

"It is frequently said," resumed the Senator, "that the horse will be supplanted by the tractor and the auto and that the world war proved it."

"If you will examine the equipment of the late war you will find that we had nearly as many horses and mules per one thousand men in service as during the Civil War, when the tractor was not known. It isn't pleasant to discuss the possibility of another war, but you must remember that our defense will always depend upon the resources of the country."

"And of these elements none surpass the horse and mule. While the day may never come, and we hope it may not come, it is wise to be prepared and it is a singular fact that in every conflict in which our country has been involved, we have entered it unprepared."

"That unpreparedness made the

late war cost us some twenty-six billion, five hundred millions of dollars in bonds and certificates issued, besides some ten billions of dollars raised by direct taxation, all of which the tax payers have to pay."

Col. Stanley Koch, on page 7 in Remount Bulletin No. 18, published March 15, 1920, from the office of the Quartermaster General of the War Department in Washington, said:

"The army will always require horses in large numbers. Motor transportation can never entirely replace horses and particularly cavalry or riding horses. No matter to what extent tractor and aircraft may be improved the horse will always be required in war."

"In the late World War due to the scarcity of animals our tables of organization were cut time after time to reduce the numbers of horses required for a division, in an endeavor to substitute motor transportation, but we were never able to get below 4,991 animals per division and of this number 2,248 were riding horses. This you must remember refers to an Infantry Division. We had no mounted cavalry in France for the simple reason that we could not provide horses for them. All wars are not going to be fought under the conditions of this one. The day of cavalry is not past. It is as important an arm as ever."

Col. Raymond T. Briggs, in Remount Bulletin No. 23, Page 12, says: "The British Army in France has now about 440,000 animals divided approximately into 115,000 riding horses, 165,000 light draft horses, 70,000 heavy draft horses, 6,000 pack horses and 84,000 mules."

FORMER PARIS GIRL VICTIM OF POISONING

Paris people will remember a dark-eyed, vivacious little girl, who as Judith Hukill, youngest daughter of Mr. and Mrs. William Hukill, former residents of Paris, won her way into their hearts by her fun-loving, disposition and admirable traits of character. Some years ago the family moved to Louisville, where Mr. Hukill died, his wife preceding him to the grave several years. The Louisville Herald yesterday carried the following story regarding the untimely end of the pretty Paris girl, a victim of cocaine poisoning.

"Mrs. Judith Yent, 32, 711 West Chestnut street, is dead and George W. Williams, 25, who lived at the same address, is in a serious condition at the City Hospital as the result of cocaine poisoning, caused by an overdose of the drug which Williams says was administered by the woman at her home at 9 o'clock last night."

"Dr. J. C. McCreary, who was called when Williams became sick from the effects of the drug, said he was administering antidotes to Williams when Mrs. Yent said, 'I am sick, too. I believe I am going to die.' He then transferred his attentions to her, but she died a few moments later."

"Police who were called to the house at 9:30 o'clock found Mrs. Yent dead and Williams in a serious condition. Williams was rushed to the City Hospital, where his life probably was saved by the prompt work of attendants."

"Williams told police he had been living at 711 West Chestnut street for some time and had been going with Mrs. Yent, who has been separated from her husband for several years. He said that the woman frequently had used drugs and that last night she asked him if 'he wanted a shot.' He informed the police that he had had several drinks of whiskey and that he permitted her to 'shoot something into him with a hypodermic needle.'"

"I had been trying to persuade her to let it alone," he said. "I would not have taken it myself if I had not been drinking."

"Coroner O. L. Carter was called on the case and pronounced the death of Mrs. Yent due to cocaine poisoning. He said she had taken a dose of cocaine that veterinarians use for horses. Police are trying to learn where the drug was obtained."

Y. W. C. A. ALIGNED WITH Y IN STATE

Miss Lucy B. Simms, of Paris, and Miss Sallie Ashbrook, of Cynthiana, have been named as members of a State Advisory Committee selected by Miss Lavinia Bonner, Field Secretary of the Young Women's Christian Association to co-operate with the Y. M. C. A. work in the State. The plan includes the organization throughout the State of Mother-and-Daughter banquets, older girl's conferences, girl reserves in the High School, a State-wide contest for girls, play demonstrations and a variety of camp activities. Each of these departments will be modeled on similar activities among boys and young men. Kentucky is the first State to enter into such co-operation, it was stated.

The other members of the committee, who will work with Misses Simms and Ashbrook are Mrs. Malcolm Bullitt, Louisville; Miss Juliet Poynter, Shelbyville; Miss Belle Bennett, Richmond; Miss Anna Thomas, Frankfort; Mrs. Lewis N. Davis, Ashland; Mrs. Lafon Riker, Harrodsburg; Mrs. M. B. Shinkle, Covington; Miss Eugenia Young, Danville; Miss Ellen Cochran, Maysville; Miss Belle Brock, Versailles; Mrs. W. N. McCarthy, Owensboro.

HOME-KILLED MEATS

HOME-KILLED MEATS OUR SPECIALTY. WAGON WITH BELL ON IT PASSES YOUR DOOR. C. H. MULLFINGER. (sept 13-14)

PARIS BIBLE SCHOOL IS LARGEST GIVER.

At the annual convention of the Kentucky Bible School Association, held recently in Louisville, announcement was made from the rostrum that the largest giver to the support of the Association's work was the Paris Bible School, which during the year contributed a total of \$609. Winchester was second with \$605 and Cynthiana third with \$570. Other churches in the county contributed as follows: North Middletown, \$481.41, Little Rock, \$121.19. There were thirty-nine schools classed as "Century Givers," or schools which gave \$100 or more.

BASE BALL NOTES

Deprived by wet grounds of a chance to see a ball game, Paris fans in large numbers visited Cynthiana and Lexington, where they were well rewarded by seeing two remarkable games. At Lexington the Reos and the Irvine teams battled to a tie, 1 to 1, the game being called at the end of the thirteenth inning on account of darkness. The game was a pitcher's duel between "Rasty" Wright, of the Irvines, and Jimmy Parks, of the Reos. At Cynthiana the Cynthiana and Winchester Hustlers fought out a nine-inning game, in which a tie resulted, 3 to 3, the game closing in the ninth inning on account of darkness.

In the final game of the series for the championship of Bourbon county, the Millersburg team defeated the Paris team at the Second street ball park Saturday afternoon, by the score of 9 to 5. The features of the game were the hitting of Huffman and Hughes, and the pitching of Burke, for the Millersburg team. Burke, pitching for Millersburg, struck out fourteen of his opposing batsmen, and Hughes of the same team drove out four hits, two of which were doubles. Burnett was the star performer of the Paris team, both in hitting and fielding. The batteries were: For Paris, Landes and Carter; for Millersburg, Burke and Miller.

Heavy rain and water-soaked diamond and playing field prevented the game scheduled for Sunday afternoon at the Second street park between the Paris Ruggles and the Georgetown teams.

The weather permitting to-morrow will see the greatest game of base ball ever played on a local field, when the "Skinnies" and the "Fats" will give local fans all the fun they could reasonably expect. The teams will be picked from the following: Skinnies—Bernard Santen, captain, Matt Lair, Dave Parrish, Will G. McClintock, E. B. January, Russell Clayton, R. M. Johnson, J. F. Davis, O. T. Hinton, W. H. Whitley, James M. Caldwell, Dan W. Peed, Robert J. Shea, Herman Santen, I. W. Bush, T. S. Smylie and Bernard Santen; Fats—Joe B. Smith, captain, D. George Varden, Ed. Hinton, Will Kenney Ferguson, Pearce Paton, Judge Denis Dundon, Dr. A. E. Kiser, Julian Frank, H. M. Collins, Carl Williams, George Rose, Victor O'Neal, Ed. Prichard, Richard Tate, E. M. Thomason, Bert Rash, Will Wornall, Hatfield Bappert and J. W. Mastin.

The proceeds from the contest will be devoted to the Bourbon County Health and Welfare League. The price of admission has been placed at fifty cents, ladies, 25 cents. Everybody should attend this game, and help a worthy cause, besides having a dollars' worth of fun watching the antics of the "performers."

PARIS HI AND CARLISLE HI PLAY TIE GAME

The initial game of the Paris High School football season was played at Jackson Park, in Carlisle, Friday afternoon, with the Carlisle High School, in the presence of a large crowd. The game resulted in a tie, each team scoring 6. The next game scheduled for the P. H. S. team is with the Georgetown team at Georgetown, on Friday, September 30.

MILLERSBURG TO HAVE ONE-DAY FAIR

Millersburg will have a one-day fair the latter part of October, under the auspices of the Millersburg High School Junior Agricultural Club. The exhibits will include domestic science products, live stock, poultry, etc.

Prof. J. W. Lancaster, Superintendent of the Millersburg public schools, Prof. Russell Jones, principal of the Millersburg High School, and M. E. Pruitt, of the Junior Agricultural Club, were in Paris and Lexington, Saturday, in the interest of the forthcoming exhibition.

DEMOCRATS SHOULD NOT FAIL TO REGISTER

Democrats should not fail to register on Tuesday, October 4. Some of our candidates have Republican opposition. Voting places open from six a. m. to nine p. m. Don't fail to register if you want to vote in any election to be held in the next twelve months.

ATTENTION, WAR MOTHERS

There will be a called meeting of the Bourbon County War Mothers at the court house, in Paris, on Thursday, September 29, at 2:30 o'clock. A full attendance of the members is requested.

COMMERCIAL CLUB TO VOTE ON FALL FESTIVAL

At a general meeting of merchants, automobile dealers and farmers, to be held in the offices of the Paris Commercial Club to-night the committee appointed at a previous meeting to make preliminary arrangements for holding a fall festival in Paris some time next month will submit a report. The committee is composed of J. Withers Davis, chairman, M. Peale Collier, Chas. A. Webber, Carlton Ball and Lee Price. They will submit an estimate of the probable cost of holding the festival.

The program to be presented at the meeting to-night will provide for a farm exhibit, a floral display, an automobile show, merchants' exhibit, a school exhibit, a millinery display, and will be held in one of the large Paris tobacco warehouses. The warehouse will be decorated and a scheme of special lighting arrangements put in.

The farm exhibit will include displays of practically all kinds of agricultural products and garden produce, demonstrating the great variety of crops and the fertility of the soil in Bourbon county. One of the most attractive features of the show will be the floral display, which will be probably the first display the visitors will see as they enter the warehouse. Plans are also being made for the presentation of a historical pageant, in which several hundred persons will take part.

"NEIGHBORHOOD NIGHT" A SUCCESS.

The first of the series of "Neighborhood Nights," held in Paris, Friday night under the auspices of the Community Service organization, was a marked success, as evidenced by the large crowds which attended and took part in the proceedings.

Three trucks and about thirty automobiles loaded with a merry crowd, left the court house at seven o'clock, and made the rounds of the various stopping places. A short program of community singing, addresses, music and other "neighborhood" stunts was carried out at each stop made.

The purpose of these "Neighborhood Nights" is to get the people of Paris well acquainted with each other, to promote a better feeling of fellowship among them and to get them more interested in the work the Community Service organization is endeavoring to put forth in Paris, under the leadership of Miss Nell Robbins, director, and her assistants.

MILLION POUNDS ADDED TO TOBACCO POOL

According to the program of Sam Clay, County Chairman of the co-operative Burley Tobacco Marketing Association, the work of taking the tobacco census of Bourbon county will probably be finished this week, and the co-operation of the farmers toward this end is urgently solicited. Contracts have been signed for nearly eighty-five per cent. of the tobacco of this county, figured from last year's crop, and the committee is anxious to make Bourbon county show up as near one hundred per cent. in the pool as possible.

Probably a million pounds of tobacco were added to the pool of the Burley Tobacco Growers' Co-operative Association as a result of meetings held in Shelby, Mason, Nelson, Meade, Boone and Carter counties Saturday.

Exact figures were not available Saturday night, but the growers at each meeting signed contracts for a considerable acreage and added to the growing conviction that the 1921 crop will be signed up in time to share in the benefits of the pool.

While the exact figures from none of the meetings, save that at Maysville, were available, Secretary Walker E. Hughes said the total pledges for the day probably would be in excess of a million pounds.

A DOLLAR SAVED IS A DOLLAR MADE—WE SAVE YOU \$\$\$

If you can get the same thing or better, at a cheaper price, why not do so. It will save you money to trade with us.

Apples and Peaches are getting scarce, but we have plenty now, and can save you money on them.

Special price on picnic hams, 13 cents per pound this week. Nice lot of pure honey in buckets. All kinds of vegetables, melons direct from the patch. Breads, cakes, pies, rolls, etc., baked fresh every day.
